"Licensee": shall refer to the individual licensee, whether as an individual programmer, company, or other organization.

"Software": All material in this distribution including, but not limited to, one or more of the following: source code, object code, byte code, dynamic-link libraries, shared libraries, static libraries, header files, executables, scripts, sample programs, utility programs, and Documentation.

"Licensed Software": The Software for which Licensee has paid the applicable license fee and received an authorized unlock key.

"Software Application Programming Interface ("API")": the set of access methods, whether provided by Chilkat Software, third parties, or developed by Licensee, through which the programmatic services provided by the Licensed Software are made available.

"Application" or "Your Application" means a software application that You develop which incorporates all or parts of the Licensed Software.

The Licensed Software contains certain runtime libraries and files intended for duplication and distribution by Licensee within End User Software Products to the user(s) of the End User Software Product(s) (the "Redistributable Components"). The Redistributable Components are those files specifically designated as being distributable as part of the Licensed Software.

("Chilkat") grants to Licensee, subject to the terms of this License Agreement (excluding Section 3, under which Licensee has no rights) a non-exclusive, non-transferable, non-concurrent limited internal use license for evaluation purposes only. This license is for a period of thirty (30) days, commencing from Licensee's initial downloading date, to evaluate the Software. 3. DEVELOPER LICENSE GRANTS

The specific license level selected by you at the time of purchase or most recent upgrade determines whether the license applies to (a) a single named developer, (b) a small group of up to 4 developers, or (c) a team of up to 8 developers.

Subject to the terms and conditions of this Agreement, Chilkat grants to Licensee the perpetual, non-exclusive, non-transferable, royalty-free license to integrate the Licensed Software into Your Applications and to distribute such Licensed Software in connection with said Applications, provided that (a) said Applications do not in any way compete with the Licensed Software, or provide substantially the same functionality as the Licensed Software, or expose the functionality of the Licensed Software through a programmable interface; (b) each of Your Applications developed using Licensed Software is designed for end users, rather than for developers who would be able to build other software that would compete with the Licensed Software, and (c) You do not permit further distribution of the Licensed Software by Your end users.

For each License Key provided to You by Chilkat, depending on the specific license level selected by you at the time of purchase or most recent upgrade, You are granted a nonexclusive License to make the Licensed Software and/or the License Key(s) available to the specified number of Your named developers. Should the number of named developers with access to the Licensed Software and/or the License Key(s) ever exceed the number indicated at the time of original purchase or most recent upgrade, You agree to inform Chilkat of such change and to upgrade Your License accordingly by paying an upgrade fee to Chilkat in a timely manner.

A "1 Developer License" which may also be referred to as "Single Developer License" means that only one named individual developer employed by You may be given access to the Licensed Software and/or the License Key(s) for the sole purpose of developing and maintaining Your Applications. For as long as this specific individual developer is employed or engaged by You in any capacity whatsoever whereby, he or she may access the Licensed Software and/or the License Key(s), no other developer may be given access to the Licensed Software and/or the License Key(s). Should said individual developer leave Your employ and cease any professional association with You, or otherwise relinquish all access the Licensed Software and/or the License Key(s), a new named individual developer may then take his or her place and be given access to the Licensed Software and/or the License Key(s).

A "Team License" or "Small Group License" is equivalent to a specified number of single developer licenses. For example, a "4 Developers Small Group License" is equivalent to 4 single developer licenses. The number of developers in a team identifies the maximum number of the named individual developers employed by You who may be given access to the Licensed Software and/or the License Key(s) for the sole purpose of developing and maintaining Your Applications. For as long as the allowed maximum number of named individual developers are employed or engaged by You in any capacity whatsoever whereby these named individual developers may access the Licensed Software and/or the

License Key(s), no other developer may be given access to the Licensed Software and/or the License Key(s). Should any single named individual developer leave Your employ and cease any professional association with You, or otherwise relinquish all access the Licensed Software and/or the License Key(s), a new named individual developer may then take his or her place and be given access to the Licensed Software and/or the License Key(s), whereby the total number of said named developers would not exceed the licensed team size.

Licensee has no rights to use the Licensed Software beyond those specifically granted in this section.

Licensee may terminate this Agreement at any time by ceasing to use the Licensed Software. Sections 4, 5, 6, 7, 8, 9 and 10 survive any termination of this Agreement and apply fully to any termination.
